## Rocket testers fire on open range peril

### Drains, zoning, port on docket

### Hancock bond sales top state

Calculations of Mississippi Test Facility and North American Aviation, Inc., indicated the board of supervisors Tuesday of their concern over vehicular accidents resulting from livestock at large on highways in the area.

C. G. Allen, director of North American's operations at the test area, raised the question after a contractor was involved in an accident. A survey of personnel covering 13 months through November showed 26 accidents and 47 near ones. Property damage was fixed at \$10,547.

Fortunately there have been no fatalities to date but evidence indicated it is only a matter of time, Allen wrote. He recommended that MTF Manager Jackson Balch enjoin the supervisors of Mississippi and Louisiana to act in solving the problem.

The survey showed nine accidents on Rt. 66 south, five on 607 north, nine on U.S. 11 and only two on Rt. 43 which had been the prime target of local criticism. There also was one livestock accident on the site.

Balch cited the petition calling for a referendum on the open range question which was presented to the supervisors some months ago. He also noted the concern over certain legal technicalities of such an election by the supervisors' attorney.

The Louisiana situation, Balch continued, is less clear than that in Mississippi as U.S. 11 is one of the roads on which livestock at large is prohibited but the status of the access road from Hildall is in doubt.

At Balch's request, the situation was referred to the supervisors by John E. Sharley, assistant manager for administration.

Supervisors took no action on the matter. Attorney Ruble Griffin reported that the open range election in Greene County has not been contested in the courts as anticipated so his legal worries have not been covered.

Bids for annual supplies were opened. Hancock Bank was accepted again as county depository. Also bidding on this was Gulf National Bank. Glass Publishing Co.'s lone bid to print supervisors' proceedings and legal notices was accepted. Sand and gravel bids were accepted from L&H Sand and Gravel, American Sand and Gravel, Earl Garcia, Joe Curvas and Bill Morreale. Lumber bids were taken from Roy Lander, Southern Pine Wood Preserving Co., Fernwood Industries and Treated Materials.

Shall Oil Co. was successful over Standard Oil for gas, oil, grease and diesel products. Arcaneux Super Service was low bidder on tires.

Property owners who have drains less than 12 inches wide running into the new sand berm will have to divert them elsewhere, the Army Corps of Engineers has notified the board of supervisors.

The board at its meeting Tuesday assigned the job of notifying the owners to County Sanitation Wayne Allison. The Corps said the hydraulic fill is to be dressed to its final grade before the end of March.

The plan for extending drains was worked out at a meeting early last year and the sanitation at that time checked which outfalls were involved. He found about a dozen small drains would be blocked and the only one approved by the State Board of Health was not within the area. All others, the Corps noted, were in violation of the state law anyway.

County Engineer George Wier suggested those drains within the city of Bay St. Louis should be connected to the sanitary sewer system. There was no discussion about what to do with the less-than-12-inch drains in the county.

Supervisors also got notice from the Corps of Engineers that it issued on Dec. 12 a permit for dredging Malabo Bayou as proposed by the port and harbor commission for the first phase of its industrial development there.

Confirmation was received, dated Dec. 21, from Bousz Dredging Co. that it will extend for 30 days its bid on the Malabo project. The port and harbor commission has recommended readvertising the dredging and clearing and grubbing work and declined so far to go along with the supervisors' request to accept the bids. There was no indication Tuesday whether the supervisors will be able to convince the port group on its position.

Formal notice also came from the Federal Aviation Agency of its \$349,030 allocation to the Hancock County airport which the port commission is developing. Luther Watkins of the FAA's Jackson office wrote offering his assistance in pushing plans for construction.

so that the grant can be retained.

Supervisors held over a request from Jack Different, director of the Mississippi-Louisiana Regional Planning Commission, for appointments by the board of five members to a proposed 50-member citizens advisory committee for the area. Each supervisor got an individual letter from Different and the one to Bear 1 Supervisor H. G. Dean contained a handwritten notation assuring him of the regional group's interest in Hancock County. Dean for some time has been critical that the regional scheme has stood in the way of a county planning program. "Aerial photo flights were 85 per cent complete as of last week and Bob Daley (Agricultural and Industrial Board official) is almost finished with the application proposal for Hancock County," Different wrote.

Dean suggested Hancock hold off to see what the other (Cont. on Page 8-A.)

Hancock County's November sales of U.S. Savings Bonds put it tops on the state honor roll.

Sales of the first 11 months of 1966 total \$176,720. This is 223.70 per cent of the county's quota of \$79,000 for the year. November sales amounted to \$14,881.

Andy J. Becker, county bond sales chairman, expressed elation at topping the \$214.39 per cent figure set by Panama County. Panama's sales had been at the head of the list for some months.

These were the only two counties to go over the 200 per cent of quota mark. In District 8 which includes Hancock, eight of the 11 counties have surpassed their goals for the year with the December tally yet to (Cont. on Page 8-A.)

### New Year married by four fatalities

Hancock County's first fatalities of 1967 occurred shortly after the New Year arrived, when four were killed in a three vehicle collision on Highway 90 about ten miles west of Bay St. Louis.

Fun. Tony Greer of Mississippi State Highway patrol said the dead were Billie Faye Sikes and Joe Edward Martin of Houma, La.; Mrs. Robert Lockhard, a native of Biloxi and resident of Houma for the past year; and Joseph L. Norris of Pass Christian. He said the accident occurred when one of the vehicles crossed the center line.

Norris was identified as driver of a 1965 Volkswagen bus; Martin, of a 1965 Pontiac. Driver of the third vehicle, a 1965 Buick, Howard R. Barksdale of Slidell, La., was taken to Hancock General Hospital for treatment of contusions of the chest, and fractured jaw and thigh. He was listed in good condition Wednesday.

The three vehicles were described as total losses.

### Gulfview 1st grade to have 2nd teacher

Crowded conditions in the first grade at Gulfview School, Lechar, were relieved Tuesday when county school trustees approved the hiring of an additional teacher, Mrs. C. A. Varnado, at \$320 per month for six months. She will teach the 42 students presently being instructed in one room.

In their annual election of officers, trustees named Edward P. Orrie to serve again as president of the board and elected Charles Hill as vice president.

Walter James Phillips was re-elected board attorney and Mrs. Baulah Lander and Miss

### Hold four in TG&Y burglary

Two of four men recently arrested in Harrison County are now in Hancock County jail, charged as suspects in the Christmas Day burglary of TG&Y Family Center.

Charles Sylvan Lander, Jr., charged of breaking and entering and burglary have been held against the Gulfport men, who were earlier arrested in a Pearl River county in connection with a Poplarville drug case narcotics theft.

They are Charles Williams, 32; Warren Boleware, 43; Jack Creel, 47 and John L. Sullivan, 32. Creel and Boleware were released by Pearl River Sheriff J. P. Walker into custody of Lander and Chief Deputy Ed Deane, Monday. They are in the local jail in lieu of \$5,000 bond each pending preliminary hearing. Warrants were held in Poplarville for Sullivan and Ward who faced preliminary hearing there, Wednesday.

The break in the case came when state investigators located two weapons, a M-1, 30 caliber carbine in the Williams residence, and 22 caliber revolver in the home occupied by Boleware and Creel. Weapons were identified by serial numbers.

The remainder of the criminal team has not yet been found. Armed robbery suspects also have been held by Sheriff Lander's office with San Louis, Cal., police against two suspects in the Nov. 6, holding of L&F General Food Store on Highway 50.

The pair, Lomas Cain, 32, and Leo Howard Anderson, Jr., 19, are both U.S. Navy men discharged on being absent without leave from San Diego Naval Station. Cain and Anderson were allegedly admitted taking an organized \$650 to \$800 from a woman clerk, who was alone in the store at the time. The 22 automatic pistol found when they were arrested is believed to be the weapon used in the local robbery.

They are being held in San Louis on charges of armed robbery and auto theft.

### Tax hike vote set Feb. 21 in Waveland

Feb. 21 was set as the date for a referendum on Waveland's proposed sales tax increase when the mayor and board of aldermen met Tuesday night and adopted a necessary ordinance on the topic.

Vote on the increase was unanimous. If ratified by the electorate, the ordinance will raise Waveland's sales tax from one half per cent on the dollar to a full one per cent on retail sales. This is in line with virtually every municipality in the state.

Mayor Garfield Lander appointed Donald Dorn as deputy marshal at a salary of \$300 a month.

Aggravating the town's law enforcement staff, 11 auxiliary policemen took the oath of office administered by Lucien Cox, Jr., town attorney. Sworn in were: Many Foyard, Felton Curvas, Cliff Vogt, Walker Van-borough, Laura Sonier, Peter Roto, R. Russell, Alphonse Dore, Jr., Gerald V. Price, Jr., Sidney Bourgeois and Norman Sonier.

The board approved a certificate of \$5,000 with John Echerle who had filed suit against the town for damages for injuries suffered last year on the Coleman Avenue pier. Payment is expected after property taxes are received.

The beautification project at the Waveland depot, recently given to the town by the Louisville and Nashville Railroad Co., was considered. Mayor Lander said the beautification committee told him that if the town moved to Elwood Memorial Park, the group will finance restoration of the building.

In the reading of the bills by C. O. Dufour, a bill of \$9.00 for the election commissioner's lunch was notified by Alderman John Longo. A check with attorney Cox revealed the town (Cont. on Page 8-A.)

### MTF test to clear live shoot of S-II

"The quick look data looks good." These were the findings of Mississippi Test Facility personnel after examining tapes of performance obtained during last Friday's full duration acceptance firing of S-II Saturn V-Apollo second phase space shuttle booster rocket at Mississippi Test Facility.

If the data proves successful, the component will be shipped out on Feb. 5 via river barge to Michoud. There it will be off-loaded and put on board a sea going barge for passage to Cape Kennedy.

One component scheduled to become part of the first Saturn V vehicle whose launch date is anticipated to be in the second quarter of this year. Test site officials reported they have not yet begun a complete all systems acceptance check of the component but this should begin today.

In this post static check out all electrical and mechanical systems are checked and cleaned and the component "made as good as new."

The S-I-C Saturn V-Apollo first stage test model booster rocket, now sitting in the B-2 test stand, is scheduled to be test fired for 15 seconds on Jan. 27. This firing is to test the outboard of the stand only and not the booster which has been fired on several occasions.

Recently moving the booster to the stand, engineers reported no hitches and the firing was good.

On building at the site, no further construction is scheduled beyond the April, 1967, anticipated completion date of the B-1, S-I-C second stand. The S-II second test stand, A-1, should be ready next month.

Home and away

# Late sports round-up

Action in local prep school basketball resumed with a big game Tuesday night, the leads and losses having reached two weeks during the Christmas holidays.

All played home games except Hancock North Central and St. Stanislaus. The Red Hawks will go back into action Sunday at New Orleans, against St. Bernard High. Tuesday they meet the same team in St. Louis gym and next Thursday they travel to a Cor Jesu of New Orleans. Their record remains at three wins and four losses but coach Billy Murphy has been leading the leads' and losses' to double the win column by next week.

Best effort Tuesday was in Tiger gym where Bay High topped a double-header from St. Martin in conference games.

The fabulous Mike (Go-Go) Neale's jumped the floor at will and plunked 22 field goals and 2 free throws for a tremendous 46 points as the Tigers stole the show from St. Martin, 83-61. Other scorers were Anthony Lohner 12, Freddie (Bomber) Broad 10, Don Freeman 8 and Mike Lamb 3. Joey Noel caroled in 23 for St. Martin.

The Tigerettes opened the fireworks with a 48-25 victory over St. Martin's sextet paced

by Ann Perkins with 24 points followed by Martha Compton with 13.

## 24 youths to attend convention

Twenty-four Bay-Waveland teenagers have been chosen to attend a three day State Catholic Youth Organization convention, Jan. 20, 21 and 22 in Jackson.

Guest speakers at the affair will include Mgr. F.J. Savancon, national CYO president, and Mr. and Mrs. Blah Mabin of Pass Christian. Entertainment will be provided by the St. Douglas Quintet.

Those planning to attend are Bert Chevin, Wintry Amos, Holly Hayder, Albert Blah, Elaine Blah, Charles Bonavent, Diane Kingston, Mary Thomas, Greg Freeman, Ronnie Genin, Steve Worrell, Mike Meyers, Sylvan Lohner, Nancy Davis, Barry Fave, Margaret McDowell, Joey Goodall, Aaron Monti, Betty Peradino, Curtis Lohner, Kathy Oliver, Matt Amos, Aggie Orr, and Jay Ragan.

The Tigers are now 12-2 and the Tigerettes 10-2 in the win-loss column. They play Hancock North Central starting at 6 p.m. Friday in the Bay High school gym. Saturday night they hit the road for Poplarville.

Volcan C. Jones split a double-header with Poplarville, the girls dropping their first game of the season, 31-29, in an overtime contest. Poplarville's Quinella Nimon did the trick sinking three 25-foot jump shots in the final minutes.

Dawson Price was high scorer with 11 points, followed by Jo Ann Williams 9, and Elizabeth Williams 8. Pearl Walker got 16 rebounds and Barbara Hawkins 11.

But the Tigers kept their record clean with a 72-33 blast, Larry Peters getting 24 points, Robert Williams 11, Clemond Pruitt, Herbert Dorsey and Ernest Taylor 10 each. Harold Bell nabbed 21 rebounds.

Jones goes to Pass Christian Saturday for its annual invitational tournament and Monday hosts Richman, undefeated in the boys' conference. They were pre-season favorites to win the conference championship.

Game time is 7:30 p.m. Despite a splendid effort by Brenda Hudson who scored

Acco's Coastal Savings and Loan Assn. reached \$1 million during 1966, J. Norman Reed, Jr., president, announced in a letter to customers. The board of directors is inaugurating a new certificate account with a proposed dividend of 5.25 per cent a year beginning Jan. 1. These accounts are offered for a minimum term of 12 months in a minimum amount of \$1,000 and in multiples of \$100.

The plan is also to increase pass book accounts to a 4.75 per cent dividend per annum for the same period.

24 points, St. Joseph's Academy lost to Stone-High, 39-53, in the Gold Jay's gym but they still have a 4-3 record for the season. Noel Phillips was next high with 9 and Susan Ryan got 6.

The Gold Jays are slated to play again Saturday in St. Martin's annual tournament.

Hancock North Central Saturday got edged by Long Beach, 53-52, in the Bearcats gym with Clyde Moran leading the scoring parade with 21 followed by Glen Davis, 10, Louie Lohner and Kenny Hode, 8 each. Bruce Martin, 3, and Lloyd Anderson, 2.

It was a tough night for the north county lads as the B-team dropped the opener, 47-32. Greg Shaw and Gary Lohner hit for 9 points each.

The Hawks and Hawkettes travel to Stone High Saturday for a double-header.

## Beach Drug hit again by thieves

Thieves, apparently familiar with the interior arrangement and placement of a burglar alarm, neatly carved a large hole in the rear door, covered inches above the alarm, entered Beach Retail Drugs, and escaped with a variety of merchandise amounting to over \$800 sometime last Wednesday night.

City Police Chief Lathon Garriga and Patrolman Albert Fave were aided in the investigation by narcotic agents of the Federal Bureau of Investigation after the owner, Bob Londerdale, discovered the theft while opening for business Thursday morning.

The intruders were obviously frightened away before completing their deed, as a large sack laden with cameras, electronic razors, cosmetics and

### East Hancock fire women elect officers

Mrs. Edward Fribourg was elected president of the women's auxiliary for the newly organized East Hancock Volunteer Fire Department at its meeting last week.

Mrs. Gloria Morgan was chosen vice president with Mrs. Edward Cox as treasurer and Mrs. John Dunote secretary. Women in the area to be served by the fire unit are being sought for membership. They should phone Mrs. Fribourg at 467-806.

The auxiliary is planning a fair Saturday, March 18, to raise funds for the fire engine. The department proposes to have individual units to cover Shoreline, Boyds and Springwood Park sub-divisions as well as Lakeshore and Clearmont Harbor.

**COUNTY INDUSTRY** - "Gascock" pump goes 24-hours per day taking crude oil from ground to be piped to refinery. Situated north of Towns Fire Road, this well's production is first moved in tanks to rear. Sludge and waste pits lie between well and tank.

### VA answers vets

Q-When a beneficiary of VA does not receive payments, what action should be taken?

A-Call or write the VA regional office.

Q-My son cancelled in college Sept. 14, 1966, taking 18 semester hours. He expected to receive \$100 per month educational assistance. He was advised that he would only receive \$75 per month. His first check was only \$42.50. Why will he not receive \$100 a month, and why was his first check only \$42.50 when he was advised he would receive \$75?

A-Your son received the correct amount for the month of September after he was enrolled for only 17 days and not the full month. He was paid for the actual days of attendance during September at the rate of \$57 a month. Seventeen days at this rate amounts to \$42.50. To qualify for the full amount of \$100 he must be enrolled for at least 14 semester hours. Since he is taking more than 10 but less than 14, he receives 5/4 allowance, or \$75 per month. Payments are made

on a calendar month basis, and if he does not have excessive charges his future checks will be \$75.

Q-Several years ago my claim for pension was denied on I had less than 90 days active service. I served only 89 days. Am I now eligible for pension? A-The requirements concerning length of service has been liberalized to the extent that you are allowed credit for travel time required to travel from your point of departure to your home at the time of discharge. This travel time is added to active duty to determine whether there is a minimum of 90 days service. You should write to your VA regional office and ask that your case be reconsidered.

**GUARD WIVES' BREAKFAST** - National Guard Wives' Auxiliary sponsored a breakfast beginning at 1 a.m. New Year's Day. Fare was excellent and thoroughly enjoyed by all who went to spend their dollar. Serving scrambled eggs,

grits, ham and rolls are, from right, Mmes. Frank Lechner, Dean Guhrle, Lewis Thibodeaux and Marshall Jastron. Preparing to partake of bounteous meal is, on left, Mrs. Neville R. Jacob.

## OLG council forming

Formation of the new Our Lady of the Gulf Parish Council, which will be the first of its kind in the area, is being planned by the parish priest, Fr. John J. Bond, Jr., and a group of laymen.

The 51-member group is to be composed of 12 persons elected by the parish at large, and 39 members of the 10 different groups in the parish, and 10 from each of the parish organizations.

Fr. M. D. Rocco has been elected president of the newly formed parish council. Fr. A.K. Martiniello, Jr., is vice president and Dr. M.J. Wolfe, Jr., is secretary. Sister Stephen, principal of the parish school, is executive secretary of the board. Other members are Joseph Marochio, Joseph Beavens and Mr. James J. Hannon.

The school board will deal with policy, finance and construction.

Redesigning of the parish became effective Dec. 1 on the orders of Bishop Joseph Brunini of the St. Charles-Jackson Diocese. The dividing line with St. Charles Parish in Waveland formerly was Nicholson Avenue. It has been changed to Bay Oaks Drive to Webb Avenue to Old Spanish Trail, Turner Street, U.S. 90, Washington Road and West Bayou.

Monseigneur Hannon said that as a result 133 families were transferred to St. Charles Parish, leaving about 800 in Our Lady of the Gulf Parish.

**Mrs. F.J. Bond** - Final plans were in progress for Mrs. Francis J. Bond, 50, the former Melba Tucker, mother of Mrs. George Lucas of Frankington.

Mrs. Bond was a granddaughter of Henry Schuyler Thibodeaux, the fourth governor of Louisiana and founder of the city of Thibodaux, La. She died Thursday.

She was a native of Terrebonne Parish, La., and was a great-granddaughter of Gen. Philip Schuyler, one of Gen. Washington's commanders during the Revolutionary War.

Other survivors are another daughter, Mrs. Shirley M. Bond of New Orleans; Mrs. Edna Dufre of Houma; and Mrs. David E. Bond of New Orleans. Her husband, Alvin Tucker, died in 1955.

**W.H. Dean** - Final plans were being made for the funeral of William H. Dean, 71, Bay St. Louis, who died Friday in County Memorial Hospital at Piquette.

Born July 9, 1895, he was a retired farmer and a veteran of World War I.

Survivors are a sister, Mrs. Emma Dean, and a brother, Arthur Dean, both of Bay St. Louis.

Funeral services were in St. Francis Home Church, Piquette, followed by interment in Terrebonne Cemetery.

**AWARDS GIVEN** - 1966-67. Kenneth A. Bond, Jr., Bay St. Louis, was named "Most Improved Player" of the year.

Other awards were given to the following: Most Improved Player - Kenneth A. Bond, Jr.; Most Improved Player - Kenneth A. Bond, Jr.; Most Improved Player - Kenneth A. Bond, Jr.

**FAMILY MEET** - National Guard Wives' Auxiliary sponsored a family night at dinner last month and everyone came including Santa. Posing for formal portrait at affair are, left to right, seated, Mmes. James Watson, David Rutherford, Frank Lechner, Marshall Jastron and Dean Guhrle; standing, Maj. and Mrs. Thomas Monroe, Capt. and Mrs. Raymond Carter and Col. and Mrs. Harry Jones. Col. Jones, battalion commander, was guest of honor.

## On docket...

(Cont. from Page 1-A.)

counties were doing about the 50-member committee, adding that such a large body seemed a little unwieldy to accomplish any business.

Public hearing on the proposed zoning and sub-division ordinance which includes regulating construction of new buildings was scheduled for 10 a.m. Jan. 23 in the Courthouse. It first was planned for next Monday but Rubie Griffin, board attorney, explained the ordinance had to be completely rewritten from its 50-page draft and was a time consuming project.

The 50 pages were the recommendations of Planning Services, Inc., New Orleans consultants, made two years ago on the county first devised in a planning program. They were obtained when federal matching funds could not be secured.

Three pieces of heavy equipment for the overall work were purchased at a total of \$107,592.65. Successful and has bids for work were Allied Equipment Co., \$36,932 on the crane and \$29,516.76 on the grader while Mississippi Road Supply got the bulldozer at \$41,139.53.

Joe D. McCullough, superintendent of the Bay St. Louis Separate Municipal School District, appeared again requesting the supervisor's help in paying off a loan on a portion of the parking area of the new high school on Blue Marsh Road.

The board indicated it would go along, using its portable asphalt plant which Bay St. Louis has had to repair its streets, but warned that cold weather might complicate things. Several alternative temporary surfacing materials were discussed to keep pupils from tracking mud into the new building. The entire area requires 12,271 square yards while the front section would need 5,357 square yards.

The claim docket was approved and \$2,000 was transferred from the seavall fund to the health and sick fund, pending additional tax settlement. The board recessed until Jan. 16.

The Economic Development Administration of the U.S. Department of Commerce wrote it could not provide any assistance for the airport project because it is not sufficiently related to the purposes for which EDA was founded.

tubes, etc., and H.E. Wilson of Long Beach on pile driving. Culvert bids were referred to County Engineer George Wier for tabulation.

The board voted to readvertise for bids on clay gravel and wash gravel for all five supervisory districts delivered and to the pit. This was because bids showed only prices FOB Bay St. Louis.

All county employees were re-appointed for calendar 1967 at the same salaries as last year.

## Hurricane protection study asked of public works body

Congressman William M. Colmer has requested the House Public Works Committee direct the Corps of Engineers to make a hurricane protection study of the shoreline of Hancock County under the Beach Erosion Act.

Colmer said last week he had received petitions asking relief from the board of supervisors, the county chamber of commerce, Bay St. Louis Jaycees, the Clermont Harbor-Lakeshore Civic Assn., the citizens of Cedar Point and other private citizens.

He said that while emergency repairs of portions of the seawall damaged by Hurricane Betsy were being accomplished by the Corps of Engineers with disaster relief funds provided by Congress, other parts of the seawall could not be strengthened without damaging the beach.

Still other portions of the county shoreline are completely unprotected from hurricanes and flooding, he said.

He said that since the disaster law provides only for temporary repairs to damaged structures, a sand fill or other protection cannot be extended along the entire frontage. Such work is authorized, however, under the Beach Erosion Control Act.

Committee chairman George H. Fallon said he has referred the request to the Corps of Engineers for their Waveland...

(Cont. from Page 1-A.) was not liable for such a bill since election commissioners' salaries are set up by state statute. To keep organization, the board decided to pay for such out of their own pockets. With no further business the board recessed to a day-to-day basis.

**Babson...** (Cont. from Page 4-A.) lar will not be devalued in 1967, but the pound will continue shaky.

46. Certainly, Congress will become more and more critical of the looting going on under cover of the administration's war on poverty. The whole program will be subjected to tighter supervision.

47. As 1967 wears along, the high hopes for more constructive conservative action by the 90th Congress will give way to increased doubts as a legislative stalemate develops. Republicans will have enough strength to support most liberal administration bills, but not enough to launch a program of their own.

48. There will be a lot of talk in 1967 about the economy's "still growing". I warn readers to examine carefully the advance in gross national product which I am forecasting here. Biggest part of the increase will come from higher prices and wages.

49. I foresee that a breathing spell in the economy can prove helpful. The prolonged prosperity has bred waste, laxness, and inefficiency. These can be corrected only by a return to fundamentals. Just as the human body requires adequate rest in order to enjoy proper health, so too the economy, and the stock market as well, must undergo periodic resting phases.

50. As the economy cools off in 1967, readers should beware of reassurances that our problems are only temporary and will soon be followed by a decade of boom conditions. The promised land may be only across the river, but it is always wiser to test the depth of the water before wading.

That is behind my forecast that 1967 will be a good year for businessmen and investors to have strong confidence for the future, but to proceed with caution and restraint until the uncertainties just ahead have been resolved.

**Mrs. Pruitt reads lesson to church group** - The afternoon circle of the First Presbyterian Church of Bay St. Louis met Tuesday at the home of Mrs. Mariel Floher, with Mrs. James Dees presiding.

view, "... an advisability of a road, an estimate of cost and time required." In proceeding for the survey Colmer said he had observed Hurricane Betsy damage first-hand and had seen the repair work being done on part of the beach. He said he was impressed with the need and the justification for shore protection along the whole beach in this growing county. ### History professor turns song writer

When Dr. Allen Coburn, professor of history at the University of Mississippi, an "ordinary" faculty member, writes a song, he might expect a musical cry: "He's not a song writer!"

"I call it 'Summer Love', he said. "It's one of those slow romantic things — sort of ballad, meant to be popular." So far, the Dr. Coburn has sold, to two only the words and a melody but he is working for someone to write on the score and to publish the song.

Allen's "Summer Love" was Dr. Coburn's first entry in the popular music field, he has had six books and more

## Guard to recruit reserves in Jan.

Sgt. Dean Gustin, administrator, 184th Transportation Co., National Guard, has announced that recruiting under the Reserve Ballroom Program will re-open in January.

"We will have about 10 vacancies to fill by the end of next month," he said.

Under the reserve program, guardsmen must serve for a period of not less than six years. During this time they will serve on active duty for a period of from four to five months.

He said 43 guardsmen of the local unit had completed their active duty during the latter half of this year. Of these 18 had reported back to finish the balance of their time with regular pay and the remainder are expected to report back in the next few days.

Completing their active service and reporting back for local duty between Nov. 25 and Dec. 16, were John C. Clavin, Jr., Ronald J. Arducco, Samuel A. Cuevas, John T. McCormick, James S. Myers, James D. Benner, Delbert G. Galloway,

Wayne D. Leitch, Fredrick A. Hayes, III, F. L. E. Green, David J. Ruch, Robert Walker J. LaFountain, Jack V. Perandaro, Arlio M. Lee, Gerald R. Lator, Raymond E. Smith, Kenneth E. Rogers and Victor Green, III.
